PROJECT WITH BEAUTIFUL GATE HOME

Further from our recycling project with Beautiful Gate Home, a Development Centre for the Disabled on 12th August 2006, our Rotarian S.Santhirasegaran's company, Pioneer Credit Management Services Sdn Bhd have been supporting Beautiful Gate Petaling Jaya Centre by outsourcing regular work to them. The nature of work involves enveloping, addressing, filling in blanks for letters and other similar works which the handicapped of Beautiful Gate are capable of doing.

They have been very motivated by the work and the regular income generated. More works will be channeled to them and both parties are satisfied and are mutually enriched with the arrangement.

Meets every Monday, 6.30 p.m. at Kuala Lumpur Golf & Country Club , Kuala Lumpur, Malaysia
